

Dr. Martin Challis

SENIOR ASSOCIATE

Martin draws on a dynamic and diverse background in business, education and the arts. He engages his creativity and enthusiasm to create learning environments that instill lasting and meaningful change.

Martin has a depth of experience in training and facilitation in the corporate and education sectors. He has developed expertise in learning-program design and delivery, applied theatre modeling, the communication instrument, psychological theory applied to communication and relationship and behaviour management.

FACILITATOR:

Martin demonstrates an ability to drive for outcomes and strong states of negotiated and authentic learning. His style is empathic and intuitive. Martin has engaged learners from all walks of life and all ages. He has worked in a diverse range of professional contexts and enjoys making genuine connections in learning forums. His commitment to adult learning connects to understanding the importance of improved communication and leadership practices in today's business environment.

CREATIVE:

With many years behind him as a collaborator, educator and writer, Martin has been involved in a wide variety of creative partnerships including film and theatre production, corporate theatre, interactive media, trade publications and non-fiction publication. He has demonstrated the capacity to produce effective solutions and productive partnerships over a wide range of disciplines. Martin's ability to identify and articulate the 'heart of the matter' in project development has always served his clients best interests. He accesses intuitive and innovative solutions to deliver outcomes of high quality and integrity.

DESIGNER:

Drawing on a deep understanding of the power of story design, learning theory and relationship management, Martin has designed and written interactive learning tool kits for both the corporate and education sectors. He has developed learning

models for universities and private learning organisations and has also designed and implemented interactive media sites. Martin's innate ability to identify and attain optimal flow states in project design and delivery have assisted him greatly when designing, directing and delivering performance based outcomes for his clients.
